

AGENDA
IEA Task36-/ BREF AG3 Meeting
March 10 – 12, 2014
Institute of Technical Chemistry (ITC), Building 430,
Karlsruhe Institute of Technology

Monday, March 10, 2014

10.00 h Welcome

10.30 h - Visit of the bioliq-plant and the Energy Laboratories of the Task36 members
- Work Meeting of the BREF AG3 members

13.00 h Lunch

Workshop “Energy efficiency of WtE-Plants”

14.00 h “Targets of the new BREF WI (Revision under IED)”,
Dipl.-Ing. Markus Gleis, Umweltbundesamt

14.30 h “Determination of the energy efficiency by balancing of the WtE-plant”,
Prof. Dr.-Ing. Michael Beckmann, TU Dresden

15.00 h “Concept for an advanced energy efficient WtE-plant”,
Dipl.-Ing. Martin Murer, Fa. Martin

15.30 h Coffee Break

15.45 h “Examples for high efficiency WtE-plants”,
Dipl.-Ing. Johannes J. E. Martin, Fa. Martin

16.15 h “UPSWING-Process – the combination of an incinerator and a power plant”,
Dr. rer. nat. Jürgen Vehlow

16:45 h “Determination of the R1-value for an integrated WtE-plant – example Mainz”, Dr.-Ing.
Hans-Joachim Gehrman

17:15 h End of Meeting
